MEMORANDUM FOR MR. CLEGG

23
43
Police Guard
b7c

[REDACTED] Private, United States Supreme Court Police Guard, United States Supreme Court Building, Washington, D. C., called at my office today requesting information concerning the FBI National Police Academy. He specifically wanted to know whether a member of his organization was eligible to attend the Academy. I informed him that I could not definitely state whether a member of his organization was eligible for attendance advising him that the matter of eligibility would have to be considered by higher officials of the Bureau.

A copy of the Bureau's publication, "The FBI National Police Academy - Questions and Answers" and an application blank were given to Private [REDACTED] and it was suggested that upon receipt of the executed application the Bureau would advise his superior [REDACTED] United States Marshal for the United States Supreme Court as to whether his organization was eligible or not.

Private [REDACTED] was informed that even though a member of his organization was eligible to attend the Academy, it would be impossible to consider an application for the last session of the Academy this year, and that the earliest possible consideration which could be given an application would be for the second or third session in the year 1942.

Respectfully,

A. A. Muzzey

The above was made available to SA [REDACTED] by [REDACTED] Marshal, United States Supreme Court, on 1/11/65. The letter was received at his office on 1/8/65 and was opened by his secretary, [REDACTED]. Only [REDACTED] and [REDACTED] have handled instant communication. [REDACTED] stated he had not brought instant communication to the attention of any of the Justices and has no intention of doing so. He does not desire its return, stating that it appears to be from a "crackpot." It occurred to him that the FBI might care to examine and retain it for possible future reference purposes. Neither [REDACTED] nor [REDACTED] have any ideas concerning the identity of the anonymous letter writer and stated they do not recognize the handwriting.

The Bureau is requested to process instant letter for latent fingerprints. Those developed should be preserved for possible future comparison purposes. No effort is being made at this time to obtain elimination prints from either [REDACTED] or [REDACTED].

The Bureau is also requested to make appropriate examination of instant letter and search it through the anonymous letter file, advising Los Angeles and WFO of the results.

Los Angeles is being carried as origin as instant letter was mailed from Los Angeles.

Re San Antonio report of S [REDACTED] dated 4/17/69.

San Antonio has received a copy of a letter sent by the victim to the Department of Psychiatry, Veterans Administration Hospital, Holcomb Blvd., Houston, Texas, in which victim states that the subject had been a patient at that hospital from 1959 to 1968. Victim further states she had turned the first letters to her from the subject over to the FBI and that Federal prosecution of the subject had been declined because of subject's mental condition. Further, she states that the subject has written a letter of final warning since then and she enclosed for the VA Hospital a photocopy of the letter. (No copy was furnished to the FBI.) She questions whether the VA Hospital will "recall him" at this time in order to re-evaluate if he is or is not dangerous at this time.

Reveal \$85M Welfare Flub

U.S. Discovers Overpayments; Aid Given to Ineligibles

A federal investigation into the Lindsay administration's welfare practices has uncovered evidence of fiscal mismanagement that is costing the taxpayers as much as \$85 million a year in overpayments and aid to ineligible recipients.

City officials yesterday made public sparse portions of the report of Health, Education and Welfare in Washington. The full report is expected to be released Friday.

Human Resources Administrator Mitchell I. Ginsberg and Social Services Commissioner Jack R. Goldberg issued an eight-page statement denying the federal charges of mismanagement, but conceding that the report shows "gross unworkability of the present public assistance program."

The federal study, which began last December at the request of five New York City congressmen, scrutinized 843 cases in the federally supported Aid to Families with Dependent Children program.

Rate of Ineligibility

According to the findings released by the city, the federal probe found that an astonishing 9.4% of the cases were not eligible for such public assistance.

In addition, the study found, in 36% of the cases examined there were overpayments averaging \$48 a month each.

There are about 124,000 aid to family children in the city. According to federal figures, the overpayments total more than \$2.4 million a month, or about \$29 million a year.

As for ineligibility, the estimated 12,400 cases at the current monthly average of \$40 each, meant that the city is spending about \$4.9 million a month, or about \$58.8 million a year on persons who should not be on the family children aid rolls at all.

In their statement, Ginsberg

Mitchell I. Ginsberg, Human Resources Administrator, released portions of report.

and Goldberg said the federal report was mistaken in saying that 9.4% were ineligible. They said 9.4% included cases where the federal agency had

not completed its review of the case. They said the study findings will be substantially reduced when an average overpayment of \$43 a month in 1969 of \$10.40 a month in 1968 is taken into account.

Three Questions

Basically, three questions were posed for the probe:

• What are the reasons for increases in costs and payments?

• How effective has the city welfare agency been in ensuring that recipients are not on the rolls who are not eligible?

• How effective has the city welfare agency been in ensuring that recipients are not on the rolls who are not eligible?

The federal report made public by Ginsberg and Goldberg differed from figures divulged in Washington in the testimony of

Jack R. Goldberg, Social Services Commissioner, released portions of report.

The source said the discrepancy arose because the city welfare officials "bargained down" with health, education and welfare officials to cut the reported number of ineligible cases.

It was disclosed last week that Ginsberg and Goldberg had been publishing help to Washington last Thursday for meetings with health, education and welfare

Result of examination:

The submitted items were searched in the appropriate sections of the Anonymous Letter File without effecting an identification. Appropriate copies will be added thereto.

It was found that the envelope Q1 contains the watermark of *USA and contains a six-cent embossed stamp and a four-cent stamp torn from a sheet of stamps. This type envelope can be purchased at post offices throughout the country.

The paper making up specimens Q5 through Q8 is similar to notebook paper with the perforations normally found in the left margins cut off. The writings on Q2 through Q4, with the exception of the dark blue ink additions, suggest that this writing was performed by an individual other than the individual performing the other questioned writing in this matter.

A record of the physical characteristics of the submitted items is retained for possible future reference.

Q1 through Q8 will be returned to you separately. Appropriate photographs are retained.

KENNEDY MURDER OF MARY JO KO-
PECHNE AND REALLY DEAL OUT THE
RIGHT JUSTICE - THE ELECTRIC
CHAIR FOR TED OR LIFE IN PRISON
THE SAME AS FOR ANY POOR GUY.

NO WONDER THE YOUNG PEO-
PLE OF AMERICA ARE BENT ON
DESTRUCTION OF OUR BEAUTIFUL
COUNTRY. WHEN JUSTICE FAILS
HOW CAN THERE BE ANYTHING BUT
MORAL DECAY. SO ROMAN EMPIRE

Please show this nation and the world that there is justice and law in this country for everyone rich or poor by suspending the Ted Kennedy case. Effume Inury of's body get to the truth, to the bottom of all Ted's lies and deception. Why all the lies? Why is he so evasive when questioned? Why all the secrecy? The Conspiracy I could not have had all this secrecy. Why Ted? Because he is rich! I hope God punishes him soon if your judges don't. He deserves death.

MID-TECH

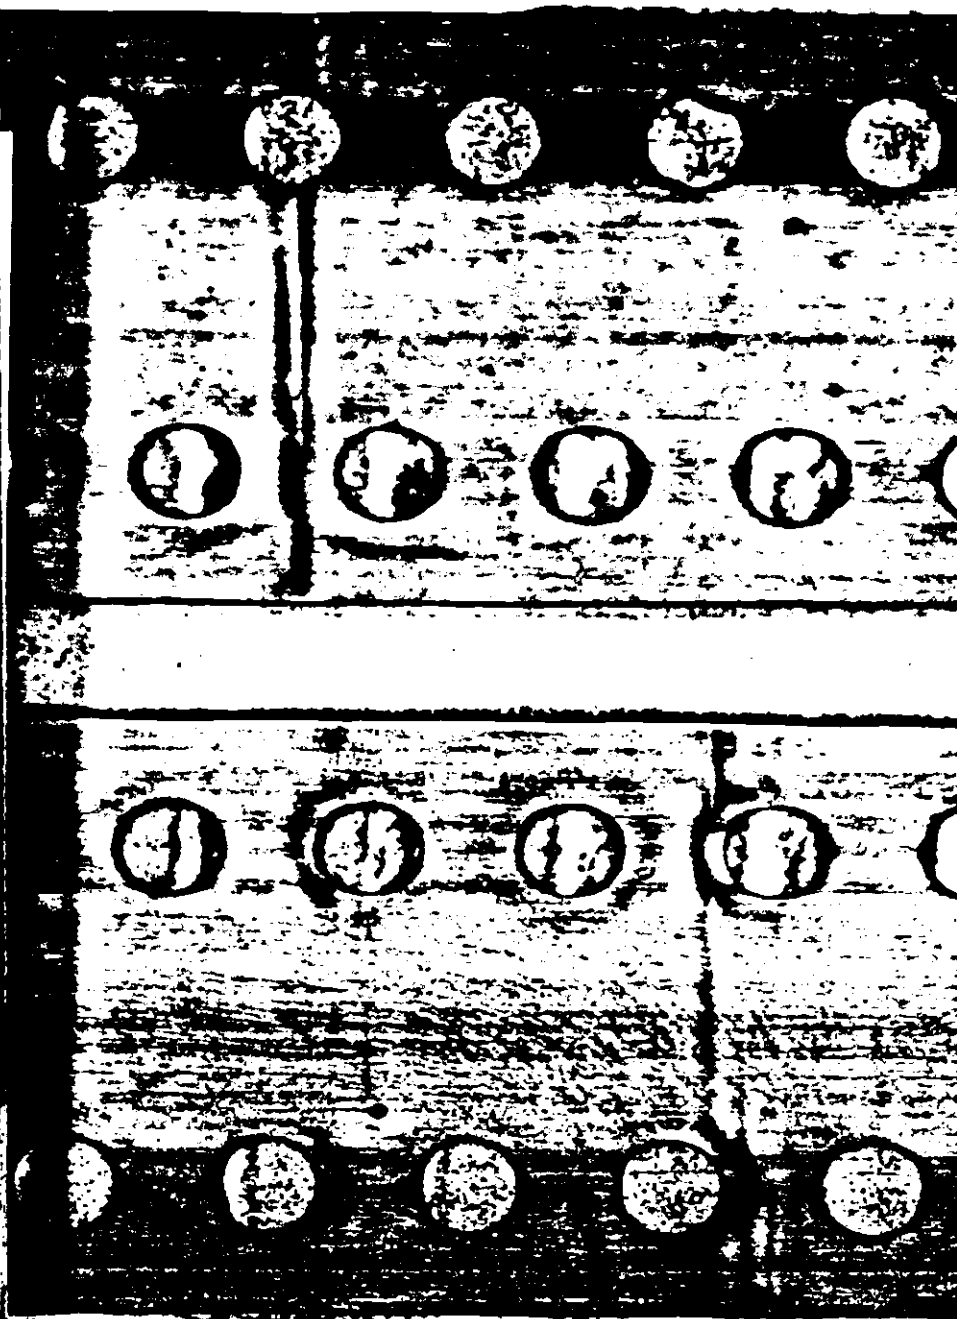

Our family wants to know the truth behind the Ted Kennedy murder of Mary Jo Kopechne and object to the sudden closing down of the case as was done by that lousy mass. lawyer and judge of Suffolk County Court. It is a disgrace to our nation to handle justice in such a fashion. Sure Ted is glad the case is over so the murderer can go free. That awful, god-forsaken nothing Ted should be barred from being a senator any longer. I hope somebody bills him in justice to Mary Jo. If the courts cannot or more likely, will not do anything in the name of justice!

The Honorable Judge
Supreme Court of the U. S.
Washington, D. C.

D-700515091 02

D-70051509/02

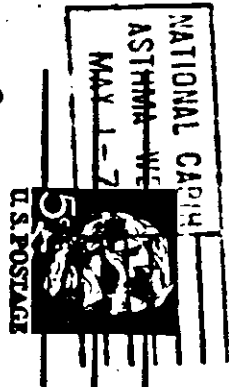

Our whole neighborhood is talking about the injustice of the Slawyer of Mass., the judge who damaged the jury, that force of a jury, and the whole quick sudden ending of it all. This never could have happened to the Conspiracy 8, or some poor father stealing a cheap but beautiful doll, at Christmas for his sick daughter. No in this great America the poor are always punished severely while the rich never get punished at all like the Lindberghs who killed their dear baby and planted the evidence on an innocent man, later killed ~~him~~ Are you going to correct this terrible trial of Ted's?

700515091 01

the rich? The poor conspiracy & got 4 years just for outbursts in court! What about murder? Damn mass! Damn Tgh!

United States Judge
United States Supreme Court
Washington, D.C.

Now what are you
judge going to do about
the Ted Kennedy murder
case? Is it in the name
of justice to close the
Mary Jo Kopechne case,
have the jury quit, to
have a secret inquiry
to leave the public still
in doubt, to have the
case suddenly ended by
Judge Wilfred J. Pagett,
to have transcripts
missing, files missing,
news media state the
FBI found a bullet in
Mary Jo's head, state
Kennedy's son killed
her? What the hell is
going on in our country
when the scales of justice
do not function to punish
